

A. Control Measure under Consideration	B. Summary Description of Measure	C. Program/Measure Status	D. Specific Implementation Date	E. VOC Reduction	F. NOx Reduction	G. Resources (FTE's, \$\$)	H. Additional Information
Upper Savannah, SC (Designated - Attainment)							
<p align="center">EDGEFIELD COUNTY</p> <p align="center">Based on stakeholder consultation and taking into consideration resource and political constraints, the following emission reduction strategies remain under consideration. The County will continue to evaluate the air quality within the county and may implement one or more of the following measures under consideration.</p>							
1. Air Quality Contact	One person will be identified as the Air Quality Contact. At a minimum, this contact will be responsible for ozone education/outreach and dissemination of ozone forecast.	On-going	On-going	n/a directionally sound	n/a directionally sound	n/a	See Comment #3
2. Support Statewide efforts	The county will support the efforts of SCDHEC regarding statewide reduction strategies.	On-going	On-going	n/a directionally sound	n/a directionally sound	n/a	See Comment #3
3. Edgefield County Road Maintenance Department	Edgefield County Road Maintenance Dept. will consider clean air goals in purchasing of new equipment.	Replaced several pieces of road equipment with new models which are estimated at 25% more efficient	On-going	n/a directionally sound	n/a directionally sound	n/a	See Comment #3
4. EdgefieldCounty Fleet	Edgefield County Fleet will consider air Quality goals on the purchase of fleet vehicles	On-going	On-going	n/a directionally sound	n/a directionally sound	n/a	See Comment #3
5. Edgefield County Building & Planning Department	Edgefield County Building & Planning Dept. well use energy efficient strategies in inspections of residential dwellings and commercial buildings	On-going	On-going	n/a directionally sound	n/a directionally sound	n/a	See Comment #3
<p>Comments:</p> <p>1. December 2004 - SC EAC SIP - activity not quantified for several reasons (first) in accordance with EAC Protocol, after all adopted Federal and State controls were accounted for in the modeling, it was determined that local controls were not necessary to demonstrate attainment of the 8-hour ozone standard. Measures were submitted by the local areas to show their continued support and commitment to the EAC process. (second) this activity is directionally sound and should provide air quality benefits and in some cases measurable results. The progress toward implementing this activity and the benefits derived will be documentd as a part of the ongoing reporting requirements.</p> <p>2. December 2003 - Progress Report - See - http://www.scdhec.gov/eqc/baq/html/eap_dpr_eac.html - additional information provided by the county to include "findings", "advantages/disadvantages", "recommendations", "costs", etc....</p> <p>3.
